

[illegible]

Copy the losses from *My Interpretation* into the columns below. It is not necessary to copy duplicate losses. Instead, note the number of times a particular loss was identified using tic marks (IIII) and then totaling them.

**Because of the event of the perpetrator's behavior, I lost:**

Copy the losses from *My Survival Responses* into the columns below. It is not necessary to copy duplicate losses. Instead, note the number of times a particular loss was identified using tic marks (IIII) and then totaling them.

**Because of my survival response, I lost:**
